Resources developed in partnership with One World for Children.

OUR PARTNER: ONE WORLD FOR CHILDREN

Aspire's Early Childhood Education and Care resources are co-developed with award winning childcare practitioners and trainers at One World for Children: an industry-based RTO and childcare centre with over 20 years' experience as childcare educators.

One World for Children and Aspire Learning Resources began collaborating in 2006. Together, we develop innovative training and assessment resources that take a whole-child focus and showcase real-life childhood education scenarios. Our comprehensive approach is based on current industry practice and helps students become job-ready for a productive career.

Drawing on a wealth of experience in real work environments, Aspire's resources capture first-class industry knowledge and practices that reflect the passion of leading childcare experts.

ASPIRE FOUNDATION

Aspire
Foundation

Aspire Learning Resources recognises that, due to life circumstances, not everyone has equal access to vocational education and training.

In 2001, Aspire established the Aspire Foundation to promote opportunities for disadvantaged people to gain access to vocational training programs so they may acquire job-ready skills.

Since the establishment of the Foundation, Aspire has provided over $565,000 to support a range of community and not-for-profit organisations in delivering innovative programs, which have created numerous opportunities for people to engage in meaningful training

KENSINGTON NEIGHBOURHOOD HOUSE

Kensington Neighbourhood House runs a pathway program for employment in warehousing. The program assists learners who require extra language, literacy and numeracy support. It creates a supported and hands on environment for participants undertaking practical training in acquiring their Forklift license, while providing guidance that helps learners transition to employment.

SIR DAVID MARTIN FOUNDATION

Triple Care Farm is a rehabilitation facility in regional NSW supported by the Sir David Martin Foundation. They provide a 12-week rehabilitation program assisting young people to overcome substance abuse and mental health issues. Through a holistic care model, students have the opportunity to undergo vocational training to help them back on their path into the community.

FITZROY LEARNING NETWORK

Fitzroy Learning Network's Practical Purposeful Learning Program is aimed at digital literacy training and barista training by supporting future learning and job readiness. Both training programs provide participants with a basic level of skill, with participants encouraged to undertake further training in either the Certificate II in Hospitality or the Certificate II in Workplace Skills.
